

MagHealy

Where the Power of the Magnetic Field
and Holistic Wellbeing¹ Meet

The latest innovation by Healy World supports you in harmonizing your surroundings through the emission of a magnetic field.

Meet MagHealy; light, portable and discreet, it creates positive energy everywhere you go.

1) The MagHealy programs are designed to support your wellbeing through the harmonization of the Bioenergetic Field. We conducted before/after wellbeing surveys in the context of a controlled random group of MagHealy/Healy users, which are not blinded. The user surveys suggest that users feel better after use. We attribute this to the harmonization of the Bioenergetic Field, which we refer to as the energy flow of life, traditionally also called Chi (or Qi) and Prana. In the absence of acceptance by science or conventional medicine, it is up to the user to choose whether to try them.

MagHealy complements the original and widely successful Healy. Together, they create a powerful synergy, like an orchestra performing a frequency symphony.

Healy focuses on the Bioenergetic Field of the individual and is designed to promote internal wellbeing.

MagHealy addresses the space through a pulsating magnetic field aimed at harmonizing your surroundings.

The electrical force and the magnetic field are two complementary aspects like Yin and Yang.

Silent in Use, Convinient in Performance

Unique in Function, Intuitive in Use

MagHealy is a smart wireless device. Light and travel friendly, it is designed to enhance your wellbeing through your MagHealy mobile app.

Co-developed with Scientists, Proven in Practice

Carolyn McMakin is a Doctor of Chiropractic, American teacher, researcher and pioneer of interfering dual frequencies and was one of MagHealy's developers.

1) This is not a term from science and is not based on a concrete mode of action. It uses the data from a physical noise source to assign a priority to frequencies that we believe have the highest relevance for the user.

MagHealy Atmosphere Influencing Space

Simply place your MagHealy device on your desk to experience a harmonious productive atmosphere. Achieve smooth meetings with a good feeling for everyone in the room.

This module uses Quantum Analyzed Frequencies (QAF) with a pulsating magnetic field to harmonize your surrounding space.

It includes 24 programs¹ that are designed to support you to feel good while performing your daily activities.

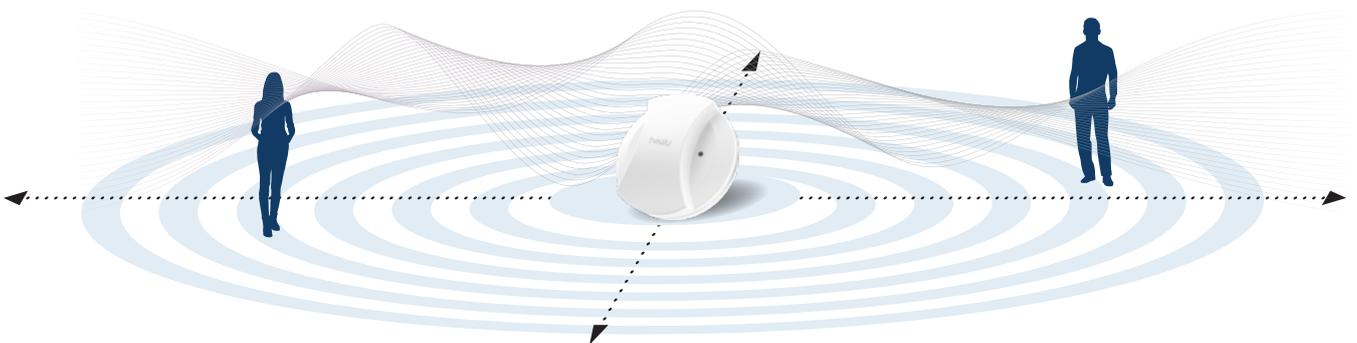

WELLNESS TIP

Feel the encouraging power of the Atmosphere programs for enhanced creativity, concentration, relaxation and much more.

1) The duration, frequency and intensity are based on practical experience and the naming of the programs is based on the experience of the experts who created them. They are not scientifically recognized.

For the Mind, Body and Environment

MagHealy's pulsation covers a diameter of up to 3 meters and extends even further through resonance. This allows you to enjoy magnetic field applications within your entire surroundings.

MagHealy McMakin

The Power of Interaction

Developed by Carolyn McMakin Doctor of Chiropractic, an American teacher, researcher, developer of Frequency Specific Microcurrent (FSM) and author of "The Resonance Effect", this application is superb as it uses dual frequencies to target various imbalances in the Bioenergetic Field.
